

Join Us!

Come and join us at a rehearsal on 14 September 2022 to find out for yourself if WCFC is the 'right' choir for you. We are beginning rehearsals begin for the January concert. We are looking to build our numbers of [sopranos](#), [tenors](#) and [bases](#).

We all find we need to attend rehearsals as regularly as possible and to practice at home between rehearsals to get up to scratch. There are lots of web sites and CDs offering voice parts makes learning new pieces of music much easier. This really helps if you haven't done much of this kind of singing before. but are keen to learn.

Our voices need to blend and balance so we can produce the quality of musical performance we can all be proud of. After a few weeks singing with us, the Musical Director invites new members to a short (approximately ten minutes) voice assessment. He will check your range and suggest which voice part would be most suitable e.g. second Soprano, first Bass etc. Occasionally he feels this isn't the right choir and we will try and help find something which is a better fit.

Throughout the year we sing a variety of music, particularly in the Summer Sing from May to July. We will have a new members evening in October which gives us all chance to meet and chat. The AGM is held early in July when food and music from the “Summer Sing” are enjoyed after electing the new committee.

Occasionally new members can join in February in order to sing in the May concert as vacancies in voice parts allow.

We rely on the energy of all our members for success and welcome fresh talent. Do join us!

Please contact: wafc_sec@hotmail.com to find out more or let us know you're coming on 14 September.
